Discover the Barnes Foundation

An affair to thank you for your support of the Mid-Atlantic Hedge Fund Association over the past year. Your contribution as members and speakers has made our organization successful and distinguished. We look forward to the coming year and your continued involvement.

Located in a twelve-acre arboretum, the Barnes Foundation is home to one of the world's largest collections of Impressionist, Post-Impressionist and early Modern paintings, with extensive holdings by Picasso, Matisse, Cézanne, Renoir and Modigliani, as well as important examples of African sculpture. This will be one of the last opportunities to see the collection in its original setting.

This event has limited space, and therefore is only open to Mid-Atlantic Hedge Fund Association members and past speakers.
